

# Screen Grip-Clip

Mount Your Smartphone or Tablet to Your Laptop

## Quick Start User Guide

1. Open the clip.

2. Choose the suitable size Non-slip mat. (Supply six size of thickness, it can hold the tablets or smartphones whose thickness between 3mm to 8mm.)

Specification:

Mat model	Quantity	Thickness of Mat	Applicable screen thickness
A-8.0	2	8mm	3-4mm
B-2.0	2	2mm	8mm
C-3.0	2	3mm	7-8mm
D-4.0	2	4mm	6-7mm
E-5.0	2	5mm	5-6mm
F-6.0	2	6mm	5mm

- Screen thickness support: 3mm to 8mm
- Maximum weight limit: 500g
- Clip size: 4.5x2.5x0.9 inch
- Material: plastic

**Notice:** Please select the appropriate thickness of mat and screen as the table show! The model can be saw on the mat. Also the second screen maximum weight limit is 500g!

3. Plug in the rubber gasket, make sure that the rubber gasket be fixed into the two Positioning hole.

4. Also the other side should be fixed.(Choose the suitable rubber gasket, the thickness of the gasket in one side should be consistent)

5. Fix the clip on the edge of the laptop screen first, don't forget to close the clip so that it will be locked on the screen.

**Notice:** Please use it for the screens which with frame. For protecting your screen, we suggest that this Laptop clip must be clipped on the frame, not the screen.

6. Lock the second display you want to fix.

7. Finished! And we retain a hole for you to connect the power cable when you use the iPad.
